## Message from our manager Aerynn

Hi, I'm Aerynn and am the new manager here at Voices. I am an alumni from care and have been working in the helping field for most of my adult life. I am passionate with regards to working with youth in and from care. Life is hard but with the right supports in place the possibilities are endless! My goal is to make lifelong connections and provide empowerment. Together with the team at Voices we can have fun and grow together ❤️

## Daniel - Program

Hi! I'm Daniel, your "new" program coordinator at Voices. With a passion for supporting youth in/ from care and a little Asian accent, I enjoy taking on new challenges and turning ideas into reality. When I'm not planning events or programs, you'll find me spending time with my dogs or going on an outdoor winter adventure- feel free to ask me about it anytime! My goal is to create a space where everyone can feel heard, grow, and make an impact. Thanks for having me as part of your village, let's make some great things happen together!

## Mary - Outreach

Hello, I am Mary. I am the outreach coordinator here at VOICES. I am a former youth in care and a current advocate. I have 3 years of experience in the field and have been loving the work I get to do. I envision a strong community of youth coming together to empower one another and to grow together. I am always learning, and one of my favorite topics of interest is child welfare and how to make this sector of our societies better for those who are a part of it. I cant wait to meet new folks of our community and work together to become the best versions of ourselves and to create the futures we desire. Do not hesitate to reach out to the team - and until then, cheers!
